Specifications

CCV's Standard Truck Utility Box is designed to fit in a long box truck bed. The overall unit is 123" long, 84" wide, 77" high and weighs 620 lb empty.

Features & Benefits

Feature: Lightweight

Benefits: Saves on fuel, increase payload capacity, can be used with light duty truck

Feature: All composite, engineered with Sandwich Panel Technology

Benefits: No wood products or steel products to rot, deteriorate or rust.

Feature: Extreme Durability

Benefits: Built to last, best strength to weight ratio, automotive repair (no RV repair), crush resistant (maintains structural integrity).

Feature: Freedom & Versatility

Benefits: Customize a standard Truck Utility Box with desired specifications. Tailor for any application (many uses for work and play); easy to load and unload; mobile and interchangeable; choose your color (standard white or paint ready finish); choice of finishing options; add decals, logos or other advertising.

Feature: Innovative Design

Benefits: Draws attention with a modern, cutting edge and stylish look. The Truck Utility Box sleek design includes extrusions, aerodynamic design, smooth finish, no rust points and is easy to clean (pressure wash inside and out).
